ARES 110 BOLD is the award-winner of The World's Best Patrol Boat title in 2016. Its current water jet propulsion system gives it a 35-knot speed capability but with a minor revision to its main propulsion system configuration the boat is capable of achieving 45+ knots. Along with its 12.7mm and 30mm remote operated weapon systems, the vessel has electro-optic sensors, and extensive navigation equipment. In addition, an ARES 24 HARPOON Fast Interceptor Boat is located on the aft deck of ARES 110 BOLD for special operations forces, boarding and SAR missions.
