ARES 55 HARPOON FIC has been designed for interception & interdiction operations, as well as anti-smuggling, SOF insertion and extraction, surveillance and patrolling missions. It provides significant advantage on speed and maneuverability to the law enforcement agencies in order to respond to criminals timely and effectively. The craft is equipped with an auto-stabilized remote-controlled naval weapon system to provide versatile firepower that can be adapted to a wide variety of potential scenarios. The vessel has a suite of naval communications equipment, electro-optic (E/O) sensors and X-Band Naval Radar.
