ARES 80 FAMB Fast Attack Craft provides very high speed capabilities above 50 knots with outstanding seakeeping characteristics conformant to tough environmental conditions, contrary to the conventional vessels in the market. Along with its Guided-Missile System, the craft is highly capable of naval warfare especially “hit and run” missions with its very low RCS and infrared signature. The craft is equipped with an auto-stabilized remote-controlled naval weapon system to provide versatile firepower that can be adapted to a wide variety of potential scenarios. The vessel has a suite of naval communications equipment, combat management system, electro-optic (E/O) sensors and X-Band Naval Radars. The vessel can launch and recover a military type RHIB for boarding and SAR missions.
